

Walk the Talk in Gemini Worksheet

Instructions: Think of **THREE** of the biggest choices or decisions you've made in your life. Why did you choose what you did? How did each of these choices impact the person you are today? Would you decide differently, if you knew where these were leading you? Gemini is about communicating and trusting your own voice, thinking and relying on that superpower to create your life. It's a quick sign, the "thinking on your feet" drive. Often what counters that speed is being able to write down our thoughts. So in addition to this worksheet, take this Gemini season as an opportunity to sharpen your thinking and how you use your mind through journaling and writing.

Choice 1.

Choice 2.

Choice 3.
